Process for Corporate Fare Filing and Corporate Code Setup

This document outlines the process for corporate fare filing and corporate code setup with respective airlines.

Step 1: Connect with the respective airline sales representative.

Step 2: Share the applicable GDS PCC / LCC login details on which the corporate fare filing needs to be completed.

Step 3: Once fare filing is completed from the airline's end, obtain the corporate code along with the applicable terms and conditions.

Step 4: Based on the received details, proceed with configuring the corporate code at the system end.
